c. Use and Disclosure of PHI. Business Associate will not use or disclose PHI except as follows:

- (1) Duty to Protect PHI. Business Associate shall protect PHI from, and shall establish appropriate safeguards to prevent, the unauthorized disclosure of PHI in accordance with the terms and conditions of this Agreement and state and federal law, including any Regulations governing the security of PHI and the transmission, storage, or maintenance of electronic data that contains PHI, for as long as the PHI is within its possession and control, even after the termination or expiration of this Agreement.
- (2) Return of PHI. Business Associate shall, within ten working days after termination or expiration of this Agreement, in accordance with Contract Termination and Expiration Procedures, and at the discretion of Covered Entity, either return or destroy all PHI, including PHI in possession of third parties under contract to Business Associate. If return or destruction is infeasible, Business Associate shall protect such PHI and limit its further use and disclosure to those purposes that make return or destruction infeasible for as long as the PHI is within the Business Associate's possession and control, even after the termination or expiration of this Agreement.
- (3) Minimum Necessary Standard. Business Associate shall apply the HIPAA minimum necessary standard to any use or disclosure of PHI necessary to achieve the purposes of this Agreement.
- (4) Disclosure as Part of the Provision of Services. Business Associate shall use or disclose PHI only as required to perform the services specified in this Agreement or as required by law, and shall not use or disclose such PHI in any manner inconsistent with the use and disclosure restrictions placed on the Covered Entity by HIPAA.
- (5) Impermissible Use or Disclosure of PHI. Business Associate shall report to HCA in writing all uses or disclosures of PHI not provided for by this Agreement within one working day of becoming aware of the unauthorized use or disclosure of the PHI. Upon Request by HCA, Business Associate shall mitigate, to the extent practicable, any harmful effect resulting from the impermissible use or disclosure.
- (6) Failure to Cure. If HCA learns of a pattern or practice of the Business Associate that constitutes a violation of the Business Associate's obligations under the terms of this Agreement and reasonable steps by HCA do not end the violation, HCA shall terminate this Agreement. If termination is not feasible, HCA will report the problem to the Secretary of the United States Department of Health and Human Services.
- (7) HCA Notice of Requests for Disclosure. HCA shall notify Business Associate when PHI is Requested from HCA that has been previously provided to Business Associate by HCA. The parties will jointly determine whether Business Associate has received a duplicate Request or if Business Associate has the original or sole copy of the PHI. Business Associate will provide the information to HCA, or if so agreed with HCA then to the Client, within five business days.
- (8) Consent to Audit. Business Associate shall give reasonable access to PHI, records, books, documents, electronic data, and all other business information received from, or created or received by, Business Associate on behalf of HCA, to the Secretary and to HCA for use in determining HCA compliance with HIPAA privacy requirements.

d. Individual Rights

(1) Accounting of Disclosures

- (a) Business Associate shall document all disclosures of PHI and information related to such disclosures.
 - (b) Within 10 working days of a Request from HCA, Business Associate shall make available to HCA the information in Business Associate's possession that is necessary for HCA to respond in a timely manner to a Request for an accounting of disclosures of Client PHI. See, 45 C.F.R. 164.504 and 164.528.
 - (c) At the Request of HCA, Business Associate shall respond, in a timely manner and in accordance with HIPAA, to Requests by Individuals for an accounting of disclosures of PHI.
 - (d) If any Individual asks Business Associate for an accounting of disclosures of PHI, or for access to or amendment of PHI in a Designated Record Set, Business Associate shall within ten (10) working days forward the Request to HCA for response.
 - (e) Business Associate's record keeping procedures shall be sufficient to respond to a request for an accounting under this section for the six (6) years prior to the date on which the accounting was Requested.
- (2) Amendment. If HCA amends, in whole or in part, a record or PHI contained in an Individual's Designated Record Set and HCA has previously provided the PHI or record that is the subject of the amendment to Business Associate, then HCA shall inform Business Associate of the amendment pursuant to 45 CFR 164.526 (c)(3).
- e. Third Party Agreements. Business Associate shall enter into a written contract, that contains the same terms, restrictions, and conditions as the HIPAA Compliance provision in this Agreement, with any Agent, Subcontractor, independent Contractor, or other third party that has access to the HCA client PHI accessible to Business Associate under the terms of this Agreement.

f. Breach and Notice of Breach

(1) Breach

Contractor shall report to HCA any use or disclosure of the Protected Health Information not provided for by this Agreement. Contractor shall make these reports to the HCA within 5 days after the use or disclosure, or within 5 days after Contractor discovers a use or disclosure that is likely to involve Clients, whichever is later. If Contractor cannot provide conclusive information relating to the use or disclosure, or cannot determine whether a breach has occurred, until a full investigation has occurred, then it shall provide what information it can within 5 days, and full details no later than 15 days after discovery of the use or disclosure.

(2) Notice of Breach.

If Contractor or any Subcontractor of Contractor allegedly makes or causes, or fails to prevent, a use or disclosure constituting a Breach, and notification of that use or disclosure must (in the sole judgment of HCA) be made under HIPAA, related laws or Regulations, or under RCW 45.56.590 or RCW 19.255.010 or other applicable law, then:

- (a) HCA may choose to make the notifications or direct Contractor to make them, and
- (b) Contractor shall pay the costs of the notification and of other actions HCA considers appropriate to protect enrollees (such as paying for regular credit watches).

23. Hold Harmless and Indemnification.

- a. The Contractor shall be responsible for and shall indemnify, defend, and hold HCA harmless from all claims, loss, liability, damages, or fines arising out of or relating to:
 - (1) The Contractor's or any Subcontractor's performance or failure to perform this Contract, or
 - (2) The acts or omissions of the Contractor or any Subcontractor.
- b. The Contractor waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend, and hold harmless the State and its agencies, officials, Agents, or employees.
- c. Nothing in this Section shall be construed as a modification or limitation on the Contractor's obligation to procure insurance in accordance with this Contract or the scope of said insurance.

- 24. Independent Contractor.** The parties intend that an independent Contractor relationship will be created by this Contract. The Contractor and his or her employees or Agents performing under this Contract are not employees or Agents of the Authority. The Contractor, his or her employees, or Agents performing under this Contract will not hold himself/herself out as, nor claim to be, an officer or employee of the Authority by reason hereof, nor will the Contractor, his or her employees, or Agent make any claim of right, privilege or benefit that would accrue to such officer or employee.

All payments accrued on account of payroll taxes, unemployment contributions, and other taxes, insurance or other expenses for the Contractor or its staff shall be the sole responsibility of the Contractor.

- 25. Industrial Insurance Coverage.** The Contractor shall comply with the provisions of Title 51 RCW, Industrial Insurance. If the Contractor fails to provide industrial insurance coverage or fails to pay premiums or penalties on behalf of its employees, as may be required by law, HCA may collect from the Contractor the full amount payable to the Industrial Insurance accident fund. HCA may deduct the amount owed by the Contractor to the accident fund from the amount payable to the Contractor by HCA under this Contract, and transmit the deducted amount to the Department of Labor and Industries, (L&I) Division of Insurance Services. This provision does not waive any of L&I's rights to collect from the Contractor.

26. **Inspection.** The Contractor shall, at no cost, provide HCA and the Office of the State Auditor with reasonable access to Contractor's place of business, Contractor's records, and HCA client records, wherever located. These inspection rights are intended to allow HCA and the Office of the State Auditor to monitor, audit, and evaluate the Contractor's performance and compliance with applicable laws, Regulations, and these Contract terms. These inspection rights shall survive for six (6) years following this Contract's termination or expiration.
27. **Limitation of Authority.** Only the Agent or Agent's delegate by writing (delegation to be made prior to action) shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clause or condition of this Contract. Furthermore, any alteration, amendment, modification, or waiver of any Section or condition of this Contract is not effective or binding unless made in writing and signed by the Agent or Agent's delegate.
28. **Maintenance of Records.** The Contractor shall maintain records relating to this Contract and the performance of the services described herein. The records include, but are not limited to, accounting procedures and practices, which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Contract. All records and other material relevant to this Contract shall be retained for six (6) years after expiration or termination of this Contract.

Without agreeing that litigation or claims are legally authorized, if any litigation, claim, or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved.

29. **Notice of Overpayment.** If the Contractor receives a Vendor overpayment notice or a letter communicating the existence of an overpayment from the Office of Financial Recovery (OFR), the Contractor may protest the overpayment determination by Requesting an adjudicative proceeding. The Contractor's Request for an adjudicative proceeding must:
- Be received by the OFR at Post Office Box 9501, Olympia, Washington 98507-9501, within twenty-eight (28) calendar days of service of the notice;
 - Be sent by certified mail (return receipt) or other manner that proves OFR received the Request;
 - Include a statement as to why the Contractor thinks the notice is incorrect; and
 - Include a copy of the overpayment notice.

Timely and complete Requests will be scheduled for a formal hearing by the Washington State Office of Administrative Hearings. The Contractor may be offered a pre-hearing or alternative dispute resolution conference in an attempt to resolve the overpayment dispute prior to the hearing.

Failure to provide OFR with a written Request for a hearing within twenty-eight (28) days of service of a Vendor overpayment notice or other overpayment letter will result in an overpayment debt against the Contractor. HCA may charge the Contractor interest and any costs associated with the collection of this overpayment. HCA may collect an overpayment debt through lien, foreclosure, seizure and sale of the Contractor's real or personal property; order to withhold and deliver; or any other collection action available to HCA to satisfy the overpayment debt.

30. **Order of Precedence.** In the event of any inconsistency or conflict between the General Terms and Conditions and the Special Terms and Conditions of this Contract, the inconsistency or conflict shall be resolved by giving precedence to the Special Terms and Conditions. Terms or conditions that are more restrictive, specific, or particular than those contained in the General Terms and Conditions shall not be construed as being inconsistent or in conflict.
31. **Ownership of Material.** Unless otherwise provided, all Materials produced under this Contract shall be considered "works for hire" as defined by the U.S. Copyright Act and shall be owned by the Authority. The Authority shall be considered the author of such Materials. In the event the Materials are not considered "works for hire" under the U.S. Copyright laws, Contractor hereby irrevocably assigns all right, title, and interest in Materials, including all intellectual property rights, to the Authority effective from the moment of creation of such Materials.

Materials means all reports, documents, pamphlets, advertisements, books, magazines, surveys, studies, films, tapes, and/or sound reproductions created by Contractor in connection with its work under the Contract and for transmission to or use by parties other than Contractor, the Authority, and their respective officers, employees and agents. Ownership includes the right to copyright, patent, register and the ability to transfer these rights.

The Contractor shall exert all reasonable effort to advise the Authority, at the time of delivery of Materials furnished under this Contract, of all known or potential invasions of privacy contained therein and of any portion of such document which was not produced in the performance of this Contract. The Authority shall receive prompt written notice of each notice or claim of copyright infringement received by the Contractor with respect to any data delivered under this Contract. The Authority shall have the right to modify or remove any restrictive markings placed upon the Materials by the Contractor.

Notwithstanding the foregoing, and regardless of the time and purpose of its creation, Contractor retains all ownership and rights to all software, computer programming, source code, object code, and all related data, documentation, reports and information, created by Contractor, its officers, employees and/or agents ("CTS Software"). All CTS Software is Contractor's confidential and proprietary information, and shall not be disclosed or used by the Authority or any other person or entity without the express written consent of Contractor.

32. **Publicity.** The Contractor agrees to submit to the Authority all advertising and publicity matters relating to this Contract wherein the Authority's name is mentioned or language used from which the connection of the Authority's name may, in the Authority's judgment, be inferred or implied. The Contractor agrees not to publish or use such advertising and publicity matters without the prior written consent of the Authority.
33. **Registration with State of Washington.** The Contractor shall be responsible for registering with Washington State agencies, including but not limited to, the Washington State Department of Revenue, the Washington Secretary of State's Corporations Division, and the Washington State Office of Financial Management, Division of Information Services' Statewide Vendors program.
34. **Savings.** In the event funding from State, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Contract and prior to its completion or termination, the Authority may terminate this Contract under the "Termination Due to Change in Funding" Section, without the ten (10) day notice requirement, subject to renegotiation at the Authority's discretion under those new funding limitations and conditions.
35. **Severability.** If any term or condition of this Contract is held invalid by any court, the remainder of this Contract remains valid and in full force and effect.

36. **Site Security.** While on the Authority's premises, the Contractor, its Agents, employees, or Subcontractors shall conform in all respects with physical, fire or other security policies or Regulations. Failure to comply with these Regulations and/or policies may be grounds for revoking or suspending security access to these facilities. The Authority reserves the right and authority to immediately revoke security access or the Contractor's Agents, employees, and/or Subcontractors for any real or threatened breach of this provision. Upon reassignment or termination of any Contractor staff, the Contractor agrees to promptly notify the HCA Contract Services.
37. **Survivability.** The terms and conditions contained in this Contract which, by their sense and context, are intended to survive the expiration or termination of the particular agreement shall survive. Surviving terms include, but are not limited to: Billing Limitations; Confidentiality, Disputes; Indemnification and Hold Harmless, Inspection, Maintenance of Records, Notice of Overpayment, Ownership of Material, Termination for Default, Termination Procedure, and Treatment of Property.
38. **Subcontracting.** Neither the Contractor nor any Subcontractor shall enter into Subcontracts for any of the work contemplated under this contract without obtaining prior written approval of the Authority. In no event shall the existence of the Subcontract operate to release or reduce the liability of the Contractor to the Authority for any breach in the performance of the Contractor's duties. This clause does not include contracts of employment between the Contractor and personnel assigned to work under this contract.

Additionally, the Contractor is responsible for ensuring that all terms, conditions, assurances and certifications set forth in this Contract are carried forward to any Subcontracts. Contractor and its Subcontractors agree not to release, divulge, publish, transfer, sell or otherwise make known to unauthorized persons personal information without the express written consent of the Authority or as provided by law.

If at any time during the progress of the work, the Authority determines in its sole judgment that any Subcontractor is incompetent or undesirable, the Authority shall notify the Contractor, and the Contractor shall take immediate steps to terminate the Subcontractor's involvement in the work.

The rejection or approval by the Authority of any Subcontractor or the termination of a Subcontractor shall not relieve the Contractor of any of its responsibilities under this Contract, nor be the basis for additional charges to the Authority.

The Authority has no contractual obligations to any Subcontractor or Vendor under contract to the Contractor. The Contractor is fully responsible for all contractual obligations, financial or otherwise, to their Subcontractors.

39. **System Security.** Unless otherwise provided, the Contractor agrees not to attach any Contractor-supplied computers, peripherals or software to the Authority Network without prior written authorization from Authority's Security Administrator. Contractor-supplied computer equipment, including both hardware and software, must be reviewed by the Authority Security Administrator prior to being connected to any Authority network connection and that it must have up-to-date anti-virus software and personal firewall software installed and activated on it.

Unauthorized access to Authority networks and systems is a violation of Authority Policy 06-03 and constitutes computer trespass in the first degree pursuant to RCW 9A.52.110. Violation of any of these laws or policies could result in termination of the contract and other penalties.

40. **Termination – Conditional.** HCA and Contractor agree that this Contract is premised upon the legal treatment of contracted Interpreters for In-Person Interpreter Services as independent contractors of Contractor. In the event the federal government or the State of Washington or any agency, department or subdivision thereof formally challenges the status of such Interpreters as independent contractors of Contractor, subject to re-negotiation the Contractor shall each have the unqualified right to terminate the Contract, without liability or penalty of any kind, upon thirty (30) calendar days written notice to the other party, beginning on the second day after the mailing. If this Contract is so terminated, HCA shall be liable only for payment in accordance with the terms of this Contract for services rendered prior to the effective date of the termination.
41. **Termination for Convenience.** Except as otherwise provided in this Contract, the Agent, or designee, may, by giving ten (10) calendar days written notice, beginning on the second day after the mailing, terminate this Contract in whole or in part when it is in the best interest of the Authority. If this Contract is so terminated, the Authority shall be liable only for payment in accordance with the terms of this Contract for services rendered prior to the effective date of termination.
42. **Termination for Default.** In the event the Authority determines the Contractor has failed to comply with the terms and conditions of this Contract, the Authority has the right to suspend or terminate this Contract. The Authority shall notify the Contractor in writing of the need to take corrective action. If corrective action is not taken within ten (10) business days, this Contract may be terminated. The Authority reserves the right to suspend all or part of this Contract, withhold further payments, or prohibit the Contractor from incurring additional obligations of funds during investigation of the alleged compliance breach and pending corrective action by the Contractor or a decision by the Authority to terminate this Contract.

In the event of termination, the Contractor shall be liable for damages as authorized by law including, but not limited to, any cost difference between the original contract and the replacement or cover contract and all Administrative Costs directly related to the replacement contract, e.g., cost of the competitive bidding, mailing, advertising, and staff time. The termination shall be deemed a "Termination for Convenience" if it is determined that the Contractor:

- a. Was not in default, or
 - b. Failure to perform was outside of his or her control, fault or negligence.
43. **Termination Due to Change in Funding.** If the funds HCA relied upon to establish this Contract are withdrawn, reduced or limited, or if additional or modified conditions are placed on such funding, HCA may immediately terminate or unilaterally amend this Contract by providing written notice to the Contractor. The termination shall be effective on the date specified in the termination notice.

44. Termination or Expiration Procedures. The following terms and conditions apply upon Contract termination or expiration:

- a. The Authority, in addition to any other rights provided in this Contract, may require the Contractor to deliver to the Authority any property specifically produced or acquired for the performance of such part of this contract as has been terminated.
- b. The Authority shall pay to the Contractor the agreed upon price, if separately stated, for completed work and service accepted by the Authority's program staff and the amount agreed upon by the Contractor and the Authority for:
 - (1) Completed work and services for which no separate price is stated;
 - (2) Partially completed work and services;
 - (3) Other property or services which are accepted by the Authority's program staff; and
 - (4) The protection and preservation of property, unless the termination is for default, in which case the Agent or designee shall determine the extent of the liability. Failure to agree with such determination shall be a dispute within the meaning of the "Disputes" Section of this contract. The Authority may withhold from any amounts due the Contractor such sum as the Agent or designee determines to be necessary to protect the Authority against potential loss or liability.
- c. The rights and remedies of the Authority provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.
- d. After receipt of notice of termination, and except as otherwise directed by the Agent or designee, the Contractor shall:
 - (1) Stop work under the contract on the date, and to the extent specified in the notice;
 - (2) Place no further orders or Subcontracts for materials, services, or facilities except as may be necessary for completion of such portion of the work under this Contract that is not terminated;
 - (3) Assign to the Authority, in the manner, at the times, and to the extent directed by the Agent or designee, all the rights, title, and interest of the Contractor under the orders and Subcontracts so terminated; in which case the Authority has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and Subcontracts;
 - (4) Settle all outstanding liabilities and all claims arising out of such termination of orders and Subcontracts, with the approval or ratification of the Agent or designee to the extent the Agent or designee may require, which approval or ratification shall be final for all the purposes of this Section;
 - (5) Transfer title to the Authority and deliver in the manner, at the times, and to the extent directed by the Agent or designee any property which, if this Contract has been completed, would have been required to be furnished to the Authority;

- (6) Complete performance of such part of the work as shall not have been terminated by the Agent or designee; and
- (7) Take such action as may be necessary, or as the Agent or designee may direct, for the protection and preservation of the property related to this Contract which is in the possession of the Contractor and in which the Authority has or may acquire an interest.

- 45. **Treatment of Property.** All property purchased or furnished by HCA for use by the Contractor during this Contract term shall remain with HCA. Title to all property purchased or furnished by the Contractor for which the Contractor is entitled to reimbursement by HCA under this Contract shall pass to and vest in HCA. The Contractor shall protect, maintain, and insure all HCA property in its possession against loss or damage and shall return HCA property to HCA upon Contract termination or expiration.
- 46. **Waiver.** Waiver of any breach or default on any occasion shall not be deemed to be a waiver of any subsequent breach or default. Any waiver shall not be construed to be a modification of the terms and conditions of this Contract. Only the HCA Contracts Administrator or designee has the authority to waive any term or condition of this Contract on behalf of HCA.

Attachment A – Data Security Requirements

1. Definitions

- a. "Transmitting" means the transferring of data electronically, such as via email.
- b. "Transporting" means the physical transferring of data that has been stored.

2. Data Transmitting. When transmitting HCA Confidential Information electronically, including via email, the data shall be protected by:

- a. Transmitting the data within the (State Governmental Network) SGN or Contractor's internal network, or;
- b. Encrypting any data that will be transmitted outside the SGN or Contractor's internal network with 128-bit Advanced Encryption Standard (AES) Encryption or better. This includes transit over the public Internet.

3. Protection of Data. The Contractor agrees to store data on one or more of the following media and protect the data as described:

- a. **Hard disk drives.** Data stored on local workstation hard disks. Sensitive data stored on local workstation hard disks must always be Encrypted. Storing sensitive data on workstations will be approved by management. Access to the data will be restricted to authorized users by requiring logon to the local workstation using a Unique User ID and complex password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards. The data on the drive will only be accessible to authenticated individuals that need to access it. That is, the data will be secured on the disk in such a way that other authenticated individuals that do not need access to the data will not have the ability to access it. Workstations with sensitive data stored on them will be tracked and their movements documented until the sensitive data is removed from the workstation. When the data is removed the date of its removal and method of its removal will be documented. Workstations hard drives that have contained sensitive data will be wiped with a method that will render the deleted information irretrievable.
- b. **Network server disks.** Data stored on hard disks mounted on network servers and made available through shared folders. Access to the data will be restricted to authorized users through the use of access control lists which will grant access only after the authorized user has authenticated to the network using a Unique User ID and complex password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards. Data on disks mounted to such servers must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.

For HCA confidential data stored on these disks, deleting unneeded data is sufficient as long as the disks remain in a Secured Area and otherwise meets the requirements listed in the above paragraph. Destruction of the data as outlined in Section 5. Data Disposition may be deferred until the disks are retired, replaced, or otherwise taken out of the secure environment.

- c. **Removable Media, including Optical discs (CDs or DVDs) in local workstation optical disc drives and which will not be transported out of a secure area.** Sensitive or Confidential data provided by HCA on removable media, such as optical discs or USB drives, which will be used in local workstation optical disc drives or USB connections shall be Encrypted with 128-bit AES Encryption or better. When not in use for the contracted purpose, such discs must be locked in a drawer, cabinet or other container to which only authorized users have the key, combination or mechanism required to access the contents of the container. Workstations which access HCA data on optical discs must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.
- d. **Optical discs (CDs or DVDs) in drives or jukeboxes attached to servers and which will not be transported out of a secure area.** Data provided by HCA on optical discs which will be attached to network servers shall be Encrypted with 128-bit AES Encryption or better. Access to data on these discs will be restricted to authorized users through the use of access control lists which will grant access only after the authorized user has been authenticated to the network using a Unique User ID and complex password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards. Data on discs attached to such servers must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.
- e. **Paper documents.** Any paper records must be protected by storing the records in a secure area which is only accessible to authorized personnel. When not in use, such records must be stored in a locked container, such as a file cabinet, locking drawer, or safe, to which only authorized persons have access.
- f. **Access via remote terminal/workstation over the State Governmental Network (SGN).** Data accessed and used interactively over the SGN. Access to the data will be controlled by HCA staff who will issue authentication credentials (e.g. a Unique User ID and complex password) to authorized Contractor staff. Contractor shall have established and documented termination procedures for existing staff with access to HCA data. These procedures shall be provided to HCA staff upon Request. The Contractor will notify HCA staff immediately whenever an authorized person in possession of such credentials is terminated or otherwise leaves the employ of the Contractor, and whenever a user's duties change such that the user no longer requires access to perform work for this Contract.
- g. **Access via remote terminal/workstation over the Internet through Secure Access Washington.** Data accessed and used interactively over the Internet. Access to the data will be controlled by HCA staff who will issue remote access authentication credentials (e.g. a Unique User ID and complex password) to authorized Contractor staff. Contractor will notify HCA staff immediately whenever an authorized person in possession of such credentials is terminated or otherwise leaves the employ of the Contractor and whenever a user's duties change such that the user no longer requires access to perform work for this Contract.
- h. **Data storage on portable devices or media**
 - (1) HCA data shall not be stored by the Contractor on portable devices or media unless specifically authorized within the Special Terms and Conditions of the contract. If so authorized, the data shall be given the following protections:
 - (a) Encrypt the data with a key length of at least 128 bits using an industry standard algorithm (e.g., AES, Twofish, RC6, etc.)

- (b) Control access to devices with a Unique User ID and password or stronger authentication method such as a physical token or biometrics.
- (c) Manually lock devices whenever they are left unattended and set devices to lock automatically after a period of inactivity, if this feature is available. Maximum period of inactivity is 20 minutes.

Physically protect the portable device(s) and/or media by

- (d) Keeping them in locked storage when not in use
 - (e) Using check-in/check-out procedures when they are shared, and
 - (f) Taking frequent inventories
- (2) When being transported outside of a secure area, portable devices and media with confidential HCA data must be under the physical control of Contractor staff with authorization to access the data.
 - (3) Portable devices include any small computing device that can be transported. They include, but are not limited to; handhelds/PDAs/phones, Ultramobile PCs, flash memory devices (e.g. USB flash drives, personal media players), and laptop/notebook/tablet computers.
 - (4) Portable media includes any data storage that can be detached or removed from a computer and transported. They include, but are not limited to; optical media (e.g. CDs, DVDs), magnetic media (e.g. floppy disks, tape, Zip or Jaz disks), USB drives, or flash media (e.g. CompactFlash, SD, MMC).

4. Data Segregation

- a. HCA data must be segregated or otherwise distinguishable from non-HCA data. This is to ensure that when no longer needed by the Contractor, all HCA data can be identified for return or destruction. It also aids in determining whether HCA data has or may have been compromised in the event of a security breach.
- b. HCA data will be kept on media (e.g. hard disk, optical disc, tape, etc.) which will contain no non-HCA data. Or,
- c. HCA data will be stored in a logical container on electronic media, such as a partition or folder dedicated to HCA data. Or,
- d. HCA data will be stored in a database which will contain no non-HCA data. Or,
- e. HCA data will be stored within a database and will be distinguishable from non-HCA data by the value of a specific field or fields within database records. Or,
- f. When stored as physical paper documents, HCA data will be physically segregated from non-HCA data in a drawer, folder, or other container.
- g. When it is not feasible or practical to segregate HCA data from non-HCA data, then both the HCA data and the non-HCA data with which it is commingled must be protected as described in this exhibit.

5. **Data Disposition.** When the contracted work has been completed or when no longer needed, except as noted in 2.b above, data shall be returned to HCA or destroyed. Media on which data may be stored and associated acceptable methods of destruction are as follows:

| Data stored on: | Will be destroyed by: |
|--|---|
| Server or workstation hard disks, or Removable media (e.g. floppies, USB flash drives, portable hard disks, Zip or similar disks) | Using a "wipe" utility which will overwrite the data at least three (3) times using either random or single character data, or Degaussing sufficiently to ensure that the data cannot be reconstructed, or Physically destroying the disk |
| Paper documents with sensitive or confidential data | Recycling through a contracted firm provided the contract with the recycler assures that the confidentiality of data will be protected. |
| Paper documents containing Confidential Information requiring special handling (e.g. protected health information) | On-site shredding by a method that renders the data unreadable, pulping, or incineration |
| Optical discs (e.g. CDs or DVDs) | Incineration, shredding, or cutting/breaking into small pieces. |
| Magnetic tape | Degaussing, incinerating or crosscut shredding |

6. **Notification of Compromise or Potential Compromise.** The Contractor shall have an established and documented policy to deal with the compromise or potential compromise of data that complies with the HITECH Act of ARRA 2009. The Contractor shall provide HCA staff of such policy upon Request. The compromise or potential compromise of HCA shared data must be reported to the HCA Contact designated on this Contract within one (1) business day of discovery.
7. **Data shared with Subcontractors.** If HCA data provided under this Contract is to be shared with a Subcontractor, the contract with the Subcontractor must include all of the data security provisions within this Contract and within any amendments, attachments, or exhibits within this Contract. If the Subcontractor cannot protect the data as articulated within this Contract, then the contract with the Subcontractor must be submitted to the HCA Contact Services for review and approval.
